

## Competent Crew Power

### Competent Crew Power Shore Based Course Contents.

	Page
ISPA	I
List of workbooks Sail and Power	II
Complete list of available courses	III-IV
Contents	V-VII
<b>MODULE 1 (a) Seamanship Power 1</b>	
Personal Clothing	1
Heavy weather outer layer, standard equipment for cruising	2
<b>MODULE 1 (b) Seamanship Power 1</b>	3
Parts of a powerboat	3-4
Cockpit layout, gauges, bow and stern equipment	5
Davits, stern drives, direct drives	6
Steering a powerboat	7
Recognizing sailboats maneuvers	8-10
Terminology	11-13
<b>MODULE 1 (b) ASSESSMENT</b>	14
<b>MODULE 1 (c) Seamanship Power 1</b>	
Trim tabs and the operation of	16-20
<b>MODULE 1 (c) ASSESSMENT</b>	21
<b>MODULE 1 (d) Seamanship Power 1</b>	
Personal watercraft and the operation of	22
<b>MODULE 1 (d) ASSESSMENT</b>	26
<b>MODULE 2 (a) General Seamanship</b>	
Safety and risk management	27
Lifejackets, PFDs	28-29
Surviving a fall overboard into cold water	30
Hypothermia	31
Staying in good shape onboard	33
Action of crew for Man Overboard	34
Williamson turn MOB procedure under power	35
Anderson turn MOB procedure under power	36
Retrieving the MOB	37
<b>MODULE 2 (a) ASSESSMENT</b>	38
<b>MODULE 2 (b) General Seamanship</b>	
Minimum Safety equipment	39
Preparation and throwing a heaving line	40
Boarding ladder	40
Anchor	41
Bilge pumps	41-43
Radar reflector	43
Fire extinguishers and classes of fires, fire axe	44-45
Flares	46
Distress Signals	47
Setting a flare	47
Basic distress signal equipment	48
Emergency Position Indicating Radio Beacons (EPIRB)	48
Navigation Lights on vessels up to 50 meters / 164 feet	49-50
<b>MODULE 2 (b) ASSESSMENT</b>	51

## Competent Crew Power

### MODULE 2 (c) General Seamanship

Vessel recognition Sail	52
Power	53
Dinghies	54
Care of, towing the dinghy	55
Dinghy towing system	55
Docking or coming alongside with the dinghy	56
Dinghy etiquette	56
Carbon monoxide poisoning	57
The Fuel system (outboard engines)	57
Starting, stopping procedures, hazards to avoid	57-60
Motor angle adjustment	61
Operation on the water, Capacity Plate, Loading	61-62
Beach landing a power driven dinghy	62
Action to take if your small craft is capsized	63
Low head dams	64
Inboard Diesel checks, start, stop	65
Inboard Gas engines check, start, stop	66
Safe refueling procedures, portable tanks and fitted tanks	67
<b>MODULE 2 (c) ASSESSMENT</b>	68-69

### MODULE 2 (d) General Seamanship

Living aboard	70
Potable water	70
Using the propane stove and system	71
Battery use	72
Shore power hook up	73
The marine head and operation	74-75
Pollution control	75
<b>MODULE 2 (d) ASSESSMENT</b>	76

### MODULE 2 (e) General Seamanship

Steering a vessel under power, Prop walk	77-78
Basic Collision Regulations	79
Steering rules	80
Diving flags	81
Accident Reporting	82
The Legal Requirements and Obligations	82
<b>MODULE 2 (e) ASSESSMENT</b>	83

### MODULE 2 (f) General Seamanship

<b>Knots</b> Basic terms	84
Reef knot	85
Clove hitch	86-87
Rolling hitch	88
Round turn and two half hitches	89
Bowline	90-93
Figure 8	93
Double overhand	94
Cow hitch	95
Double sheet bend	96
Flaking a line	97-98
Storing a flaked halyard	99
Storing a line which forms part of the running rigging	99-100
Swigging, Sweating or Bucking halyards and dock lines	101-102
Securing a dock line to a cleat	103
<b>MODULE 2 (f) ASSESSMENT</b>	104

## Competent Crew Power

<b>MODULE 2 (g Docking and anchoring (crew responsibilities)</b>	105
Docking – crew responsibilities	105
Attaching the dock lines	106-107
Center vessel tie	108
Snugging down	109
Exiting the dock – crew responsibilities	110
Anchoring – crew responsibilities	111
Retrieving the anchor	112
<b>MODULE 2 (g) ASSESSMENT</b>	113
<b>MODULE 3 (a) Emergency Procedures</b>	
International distress signals, responding to breakdowns	114
Using the VHF or DSC radio, Mayday calls	115
Crew or vessel in immediate danger, steering fails	116
Lee shore under power and sail	117
Shroud breaks under load	118
Prevention of explosion	119
Types of fire on board, prevention, plan of action, use of fire	120
Extinguishers	121
Carbon monoxide poisoning	122
Water in the cabin	123
Stuffing boxes	124-125
Through hull fittings	126
Running aground on a soft bottom	127
Run aground hull damaged	128
Line around the prop	128
Vessel dragging anchor	129
Vessel touches bottom at anchor	129
Vessels beaches on its side	129
Liferafts, Emergency grab bag contents	130
Abandoning ship into a life raft	131
Towing	132
The Legal Requirements for Rendering Assistance	133
<b>MODULE 3 (a) ASSESSMENT</b>	134
